

IF IT LOOKS GOOD WHEN IT'S RALLYING,

IT LOOKS EVEN BETTER ON THE ROAD.

Looks, handling, performance. Torana beats 'em all!

Proof? How about Australia's Rally Champ 1971 and 1972, Australian Rallycross Victor 1971 and 1972 and just for good measure—The Bathurst '500' 1972 Outright!

Such success can only come from a car that's unique. Unique in its race proven package of 6-cylinder performance with compact size.

For all its heavy record, the

Torana is no beast. Indeed perhaps no other car is such a pleasure in the everyday.

Control is light and easy. The engine is amazingly tractable. Reliability is such you may never think of it. And service is as simple and as inexpensive as with any other Holden.

Only Torana can look this good and go as good as it looks.
